I recommend the book as it describes requirements engineering from a complementing perspective to IREB. The book focuses on product development and follows an agile approach. The interesting part is that you find IREB body of knowledge elements in many chapters.

~~Service – International Requirements Engineering Board~~

These are general business corporations that on April 15, 1935, and continuously thereafter, have lawfully engaged in the practice of professional engineering in New York State and whose chief executive officer is a licensed professional engineer under the laws of the State of New York (often referred to as “grandfathered” corporations).

Professional for Requirements Engineering' hat sich als international standardisiertes Aus- und Weiterbildungsprogramm etabliert. Dieses Lehrbuch ist das erste für die Zertifizierung zum Foundation Level, geschrieben von Mitgliedern des International Requirements Engineering Board (IREB), die den Lehrplan mit entwickelt haben. Es umfasst Grundlagenwissen in den Gebieten.

Requirements engineering tasks have become increasingly complex. In order to ensure a high level of knowledge and competency among requirements engineers, the International Requirements Engineering Board (IREB) developed a standardized qualification called the Certified Professional for

Requirements Engineering (CPRE).

The certification defines the practical skills of a requirements engineer on various training levels. This book is designed for self-study and covers the curriculum for the Certified Professional for Requirements Engineering Foundation Level exam as defined by the IREB. The 2nd edition has been thoroughly revised and is aligned with the curriculum Version 2.2 of the IREB. In addition, some minor corrections to the 1st edition have been included. About IREB: The mission of the IREB is to contribute to the standardization of further education in the fields of business analysis and requirements engineering by providing syllabi and examinations, thereby achieving a higher level of applied requirements engineering. The IRE Board is
