It had always been the three of us, and then it was the two of us-Ed and August. There was not, nor had there ever been a chance of a Noah and August. And that was fine. Because the truth was I had known Noah forever but I still had no idea who he really was. Especially not now. In this sizzling novella, one girl

must choose between loyalty and love. August had the two best guy friends a girl could ask for in Noah and Ed. Then Ed confessed he felt more for her - and their new relationship changed everything. She had hoped it would be Noah that she'd end up with someday, but it's clearer than ever that Noah's just not interested in being a one-girl guy. When the small seaplane the three of them are on crashes, August finds herself injured and marooned on an island with ... Noah. Unsure of what's become of Ed, August and Noah do their best to not lose hope as they fight to survive on an island that is not as deserted as they first believed. But fighting the elements - and their attraction to each other - becomes a losing battle. Soon, a secret from Noah's past that could bind them to the island forever is revealed, and August must choose between giving into her feelings for him, or struggling to make it back home.

From the New York Times bestselling author of In Five Years comes an intensely romantic modern recounting of the greatest love story ever told—narrated by the girl Romeo was supposed to love. Rosaline knows that she and Rob are destined to be together. Rose has been waiting for years for Rob to kiss her—and when he finally does, it's perfect. But then Juliet moves back to town. Juliet, who used to be Rose's best friend. Juliet, who now inexplicably hates her. Juliet, who is gorgeous, vindictive, and a little bit crazy...and who has set her sights on Rob. He doesn't stand a chance. Rose is devastated over losing Rob to Juliet. And when rumors start swirling about Juliet's instability, her neediness, and her threats of suicide, Rose starts to fear not only for Rob's heart, but also for his life. Because Shakespeare may have gotten the story wrong, but we all still know how it ends.

Becoming famous after saving a girl on the brink of suicide, Caggie, who is grieving the death of a sister and a failed relationship, longs to be left alone before unexpectedly falling for the mysterious Astor, who harbors his own dark secrets. By the author of When You Were Mine.

Delicious but never indulgent, sweet with just the right amount of bitter, Rebecca Serle's *The Dinner List* is a romance for our times. Bon appetit! A Bustle Book Club Selection “I have five words for Rebecca Serle’s *The Dinner List*: wistful, delicious, romantic, magical, love.” –Gabrielle Zevin, *New York Times* Bestselling Author of *The Storied Life of A.J. Fikry* and *Young Jane Young* “We’ve been waiting for an hour.” That’s what Audrey says. She states it with a little bit of an edge, her words just bordering on cursive. That’s the thing I think first. Not: Audrey Hepburn is at my birthday dinner, but Audrey Hepburn is annoyed.” At one point or another, we’ve all been asked to name five people, living or dead, with whom we’d like to have dinner. Why do we choose the people we do? And what if that dinner was to actually happen? These are the questions Rebecca Serle contends with in her utterly captivating novel, *The Dinner List*, a story imbued with the same delightful magical realism as *One Day*, and the life-changing romance of *Me Before You*. When Sabrina arrives at her thirtieth birthday dinner she finds at the table not just her best friend, but also three significant people from her past, and well, Audrey Hepburn. As the appetizers are served, wine poured, and dinner table conversation begins, it becomes clear that there’s a reason these six people have been gathered together.

"Following her adored father's death, a teenager named Autumn Falls is forced to relocate to a new school in Florida for sophomore year. And when Autumn receives an enchanted gift: a journal that literally brings Autumn's writing to life--anything could happen. Could the journal be imbued with her dad's spirit?"--

Berühmt über Nacht – der Roman zur Fernsehserie mit Bella Thorne! Paige Townsen ist ein ganz gewöhnliches Mädchen. Und als Bad-Boy Jordan Wilder auftaucht, ist die Dreiecksbeziehung perfekt, sowohl vor als auch hinter der Kamera. Paige muss herausfinden, wer sie ist und was sie will – während der Rest der Welt ihr dabei zuschaut. "Rebecca Serle zeigt, wie es sich anfühlt, Teil des jungen Hollywoods zu sein. Ich liebe *Famous in Love!* Ein absolutes Muss für jeden, der neugierig auf das Leben und die Liebe hinter den Kulissen ist." (Bella Thorne)

A NEW YORK TIMES BESTSELLER A Good Morning America, FabFitFun, and Marie Claire Book Club Pick “In Five Years is as clever as it is moving, the rare read-in-one-sitting novel you won’t forget.” –Chloe Benjamin, *New York Times* bestselling author of *The Immortalists* Perfect for fans of *Me Before You* and *One Day*—a striking, powerful, and moving love story following an ambitious lawyer who experiences an astonishing vision that could change her life forever. Where do you see yourself in five years? Dannie Kohan lives her life by the numbers. She is nothing like her lifelong best friend—the wild, whimsical, believes-in-fate Bella. Her meticulous planning seems to have paid off after she nails the most important job interview of her career and accepts her boyfriend's marriage proposal in one fell swoop, falling asleep completely content. But when she awakens, she's suddenly in a different apartment, with a different ring on her finger, and beside a very different man. Dannie spends one hour exactly five years in the future before she wakes again in her own home on the brink of midnight—but it is one hour she cannot shake. *In Five Years* is an unforgettable love story, but it is not the one you're expecting.
