Guide to Energy Management, Seventh Edition: Amazon.co.uk ...

At the end of 2010 over 15,000 energy professionals had been trained using the first six editions of the Guide to Energy Management. In this seventh edition, we have added one new chapter with the extremely timely topic of green house gas emissions management, and we have updated two chapters that help prepare people to address the new areas of web based energy information and control systems, and creating green buildings.
