John McLaren has a Ph.D in Economics from Princeton. He has been teaching International Trade in the Economics department at the University of Virginia for over 10 years and is well-published in key journals in economics. His motivation for writing the text is to have a better book with which to teach his own course.

International Trade | Wiley

McLaren's International Trade covers all of the conventional theory that students are expected to learn, but presents it in a modern and unique way. Aiming to teach students how to use economic theory instead of merely memorizing economic theory, International Trade introduces each topic with a real-world policy problem followed by the models and theories in an applied approach.
