Leadership: 2nd Asia-Pacific Edition offers a balanced approach to the study of leadership, drawing on contemporary Australasian practices and examples along with local and international theory. The text looks at the characteristics of leaders in a wide variety of Asia-Pacific settings: organisations in the private, public and not-for-profit sectors, as well as in politics and in our community. Traditional content, such as charismatic, transformational, contingency and situational theories of leadership, is covered in detail, along with the power, influence, motivation, coaching, communication and team-building aspects of leadership. Contemporary issues, including entrepreneurship, knowledge management, leadership in international contexts, and the importance of ethics and social responsibility, are also extensively covered.

Equip students with the critical leadership skills and solid understanding of today's theory needed to become effective business leaders in today's turbulent times with Daft's *THE LEADERSHIP EXPERIENCE*, 6E. Acclaimed author Richard Daft helps students explore the latest thinking in leadership theory and contemporary practices at work within organizations throughout the world. Students will examine emerging topics, including enhancement of emotional intelligence, leadership vision and courage, leadership of virtual teams, and open innovation, and will connect those topics to recent world events such as ethical scandals and political turmoil. Packed with memorable examples and unique insights into actual leadership decisions, this

full-color text includes crisp, clear visuals to reinforce the book's engaging presentation. This edition's proven applications, specifically designed for today's leadership theory and applications course, and a solid foundation grounded in established scholarly research make the topic of leadership come alive for students. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

In this fifth edition of the bestselling text in organizational theory and behavior, Bolman and Deal 's update includes coverage of pressing issues such as globalization, changing workforce, multi-cultural and virtual workforces and communication, and sustainability. A full instructor support package is available including an instructor 's guide, summary tip sheets for each chapter, hot links to videos & extra resources, mini-assessments for each of the frames, and podcast Q&As with Bolman & Deal.

ESSENTIALS OF MANAGEMENT makes the connection between theory and concepts to actual practice by showing how managers and organizations effectively apply the basic principles of management. The text takes a functional approach, first introducing the role of a manager and the modern managerial environment, before exploring planning organizing, leading, and control. The Seventh Edition has been extensively revised and updated to include the latest information, examples and activities to help readers understand the skills necessary to manage, lead, and compete in today's world.

Succeeding in an Extroverted Workplace You don't have to be an extrovert—or pretend to be one—to get to the top! Jennifer Kahnweiler points to Mark Zuckerberg, Arianna Huffington, and Warren Buffett as prime examples of self-identified introverts who have done quite well for themselves. In this new, expanded edition

of her pioneering book, she lays out a well-tested four-step strategy introverts can use to build on their quiet strength and make it a source of great power. The book includes fresh information on the unique challenges faced by introverted women, how leaders can shape a more introvert-friendly workplace, customized hiring and coaching strategies for introverts, and the positive correlation between introverted leadership and company performance.

Fundamentals of Organizational Behavior: An Applied Perspective, Second Edition examines the behavior of people in organizations. Topics covered range from political maneuvering in organizations (office politics) to the stresses facing people in managerial and professional positions. A conceptual framework for organizational behavior is presented, along with numerous case illustrations and examples from live organizational settings. This monograph consists of 14 chapters and opens with an introduction to organizational behavior and how it is influenced by principles of human behavior. The three main subareas or schools of management thought are discussed, together with the difference between knowledge work and non-knowledge work; how research and theory contribute to an understanding of organizational behavior; and the distinction between structure and process. The following chapters explore how the meaning of work relates to work motivation, as well as the link between work motivation and job performance; behavioral aspects of decision making; stresses in managerial and professional life; and political maneuvering in organizations. Small group behavior, leadership styles, and interpersonal communications are also considered, along with intergroup conflict and organizational effectiveness. This book will be of interest to students, managers, and staff specialists, as well as behavioral scientists and management theorists.
