Tectonic plates test questions - GCSE
Geography Revision ...

□ Cut a piece of wax paper that is around 8□10 inches long. Spread a ½ inch layer of peanut butter or frosting on top of the wax paper, this will represent the magma. Place two graham crackers on top of your magma. □ Divergent Boundary: Push the two graham crackers away from one another and watch the magma.

MATERIALS - Pacific Science Center
Group students into pairs, and give a piece of wax paper and a copy of the attached worksheet □Plate Tectonics□ to each pair. Place a spoonful of frosting on the wax paper for each pair of students. The frosting represents the layer of lava, or the mantle, on which Earth's crust floats.
