“ A material epic with an astonishing fidelity to history.”—New York Times Book Review Three Kingdoms tells the story of the fateful last reign of the Han dynasty (206 B.C.–A.D. 220), when the Chinese empire was divided into three warring kingdoms. Writing some twelve hundred years later, the Ming author Luo Guanzhong drew on histories, dramas, and poems portraying the crisis to fashion a sophisticated, compelling narrative that has become the Chinese national epic. This abridged edition captures the

novel's intimate and unsparing view of how power is wielded, how diplomacy is conducted, and how wars are planned and fought. As important for Chinese culture as the Homeric epics have been for the West, this Ming dynasty masterpiece continues to be widely influential in China, Korea, Japan, and Vietnam and remains a great work of world literature.

This epic saga of brotherhood and rivalry, of loyalty and treachery, of victory and death, forms part of the indelible core of classical Chinese culture and continues to fascinate modern-day readers. In 220 EC, the 400-year-old rule of the mighty Han dynasty came to an end and three kingdoms contested for control of China. Liu Pei, the legitimate heir to

the Han throne, elects to fight for his birthright and enlists the aid of his sworn brothers, the impulsive giant Chang Fei and the invincible knight Kuan Yu. The brave band faces a formidable array of enemies, foremost among them the treacherous and bloodthirsty Ts'ao Ts'ao. The bold struggle of the three heroes seems doomed until the reclusive wizard Chuko Liang offers his counsel, and the tide begins to turn. Romance of the Three Kingdoms is China's oldest novel and the first of a great tradition of historical fiction. Believed to have been compiled by the play-wright Lo Kuan-chung in the late fourteenth century, it is indebted to the great San-kuo chi (Chronicles of the Three Kingdoms) completed by the historian Ch'en Shou just before his death in 297 CE. The novel first appeared in print in 1522. This edition, translated

historical novel attributed to Luo Guanzhong. It is set in the turbulent years towards the end of the Han dynasty and the Three Kingdoms period in Chinese history, starting in 169 AD and ending with the reunification of the land in 280 AD. The story – part historical, part legend, and part mythical – romanticises and dramatises the lives of feudal lords and their retainers, who tried to replace the dwindling Han dynasty or restore it. While the novel follows hundreds of characters, the focus is mainly on the three power blocs that emerged from the remnants of the Han dynasty, and would eventually form the three states of Cao Wei, Shu Han, and Eastern Wu. The novel deals with the plots, personal and military battles, intrigues, and struggles of these states to achieve dominance for a period of almost 100 years.
