A missed period is one of the surest signs of pregnancy. If the test is negative, check out these other reasons your period could be late. If your periods are usually irregular, or you lose track of when your next one is due, you may not realise if your period is late. If a pregnancy test comes up negative, you could wait for two weeks and try ...

Your all-encompassing guide to having a happy, healthy pregnancy Are you an expectant parent looking for sound, expert guidance as you prepare to welcome a new addition to your family? Pregnancy All-in-One For Dummies has done the legwork for you, offering a one-stop compilation of the hottest topics and most relevant information culled from several successful For Dummies pregnancy titles. Covering everything from conception to the delivery room—and beyond—it gives moms and dads-to-be the reassuring answers they need during this very special time. Your pregnancy and childbirth experiences should be happy ones, but they're bound to be rife with questions—especially if you're a first-time parent, having a child later in life, or embarking on your first multiple birth. Luckily, this friendly guide is here to put your mind at ease, offering authoritative coverage of everything you can expect to encounter in the first, second, and third trimesters of pregnancy, as well as all the special considerations you may come across along the way, such as diet, exercise, labor and delivery options, breastfeeding, and so much more. Make pregnancy and childbirth an enjoyable experience Find out about nutrients that are critical to your baby's development Get authoritative guidance on making a birth plan Why turn to dozens of pregnancy resources when all the helpful, down-to-earth guidance you're looking for is right here, in one convenient place?

Introducing the totally revised and updated WHAT TO EXPECT PREGNANCY JOURNAL & ORGANIZER-- with 715,000 copies in print, it's the perfect gift and popular companion to "What to Expect When You're Expecting. Lightweight and sized to fit into a tote or briefcase, this handy planner is an expectant mom's best friend from conception through labor and delivery. For the new edition, the text has been brought completely up to date in accordance with the information in the recently revised third edition of "What to Expect When You're Expecting. Featuring prompted pages, checklists, and a weekly write-in pregnancy and labor journal, this is the best way for mothers-to-be to keep track of important dates, questions to ask the doctor, medications, milestones, childbirth class notes, shopping lists, phone numbers, and everything else that comes with the nine months of pregnancy. The journal/organizer's compact design ensures it can go everywhere mom goes. After baby's arrival, it becomes an instant keepsake.

As women of childbearing age have become heavier, the trade-off between maternal and child health created by variation in gestational weight gain has become more difficult to reconcile. Weight Gain During Pregnancy responds to the need for a reexamination of the 1990 Institute of Medicine guidelines for weight gain during pregnancy. It builds on the conceptual framework that underscored the 1990 weight gain guidelines and addresses the need to update them through a comprehensive review of the literature and independent analyses of existing databases. The book explores relationships between weight gain during pregnancy and a variety of factors (e.g., the mother's weight and height before pregnancy) and places this in the context of the health of the infant and the mother, presenting specific, updated target ranges for weight gain during pregnancy and guidelines for proper measurement. New features of this book include a specific range of recommended gain for obese women. Weight Gain During Pregnancy is intended to assist practitioners who care for women of childbearing age, policy makers, educators, researchers, and the pregnant women themselves to understand the role of gestational weight gain and to provide them with the tools needed to promote optimal pregnancy outcomes.

Recognized for its reassuring advice, authoritative information, and easy-to-understand style, The Everything Pregnancy Book, 3rd Edition is the must-have reference guide for a happy, healthy, and well-informed pregnancy.
