The lengthening days tell us that spring is on the way on the Ashridge Estate. The birds are becoming more vocal and the first buds are appearing on the trees. Spring is a wonderful time of year to explore Ashridge's 5000 acres, the woods are bursting back to life after a long cold winter, unveiling ...

The danger to British democracy in the interwar period came from a different source to that which has thus far been assumed. It came from a network of radical conservatives who challenged the political system and sought to replace it with an authoritarian corporate state. In this book, Bernhard Dietz provides the first

# Read Book The Ashridge Journal How To Get Digital Transformation

systematic analysis of this network and its members, which are called Neo-Tories. With strong links to the European right, yet a minority back home, this group of British conservatives are all the more fascinating today because it is on their ultimate failure that the success of British democracy rested.

Online Business Sourcebook is the only evaluative guide to electronic business database products and services. The arrangement of products and services within the Sourcebook is by thematic chapter, to make it easy to review all products on a specific topic: Online hosts and aggregators; The Internet; Company directories; Company financials; Investment analysis; Shareholder analysis; Credit; Mergers and acquisitions; Business and financial news; Business opportunities; Grants, advice and source of finance; Legislation and regulations; Prices; Market data; Industries; Economics and finance; International trade; Business management literature; Trademarks, trade names and brands; Recent highlights. Within most chapters, products are arranged by geographic coverage. Incorporated are three indexes: names; country/regions and subjects.

The Conservative Party is the least investigated and understood of British political parties, despite its long record of success. Using an original approach and an unparalleled range of sources, Stuart Ball analyses the nature and working of the Conservative Party during one of the most significant and successful periods in its history. The creation of a democratic franchise in 1918 was followed by nearly three decades of Conservative dominance: it was the largest party in the House of Commons and in government for almost 25 years between 1918 and 1945. Stuart Ball explores this remarkable record in a different way, by taking a thematic rather than a chronological approach. He begins with the foundations of Conservative principles, attitudes, and identities, and examines the nature of the party's electoral support. He investigates the Conservative Party as

# Read Book The Ashridge Journal How To Get Digital Transformation

an organism, uncovering the composition, roles, and relationships of every level from the constituency grass-roots, through the party machine and the parliamentary ranks, to the Cabinet Ministers and the Party Leader. Portrait of a Party is based upon a wide range of archives - including the personal papers of all five Party Leaders, nearly 50 Cabinet Ministers and 85 backbench MPs, party officials and others - combined with the rich resources of the national and regional records at the Conservative Party Archive, and a major investigation to locate all the significant collections of local Conservative Association records in England, Scotland, and Wales: a total of 215 constituencies, from Truro to Inverness. These sources shed new light on topics which are essential to an understanding of British history in the inter-war period and the development the Conservative Party to the present day.

Innovation is embedded into daily routines, public service activities, and interactions with non-state actors, making it difficult to uncover excellent practices, but these chapters illustrate how innovative and entrepreneurial actors can be. Scholars have contributed ample evidence of flourishing innovation and enterprise in this important field.

A controversial account of the Churchill years by a bestselling historian. 'The best sort of history - revealing, gossipy and acidulous' OBSERVER This highly praised book by the Wolfson History Prize-winning author of SALISBURY tackles six aspects of Churchilliana and uncovers a plethora of disturbing facts about wartime and post-war Britain. His revelations include: - The case for the impeachment of Lord Mountbatten - The Nazi sympathies of Sir Arthur Bryant, hitherto considered a 'patriotic historian' - The British establishment's doubt about Churchill's role after Dunkirk - The appeasement of the trade unions in Churchill's Indian summer - The inside story of black immigration in the early 1950s - The anti-Churchill stance adopted by the Royal Family in 1940

Electronic Inspection Copy available for instructors here Praise for the first edition: 'At last a well-written, balanced and insightful British book on leadership. It is probable that every theory and assertion of consequence is commented upon. A real tour-de-force.' - Emeritus Professor Gerry Randell, University of Bradford School of Management 'Theory and Practice of Leadership is an all encompassing, global review of examples and case studies that is both comprehensive and easily adaptable to almost any situation one would encounter in leading people.' - Richard J. Conwell, Nova Southeastern University, Journal of Applied Management and Entrepreneurship If you are looking for a more holistic and critical take on the field of leadership, look no further! The second edition of this engaging and highly-respected text offers an exploration of leadership in a variety of contexts, both profit-orientated and non-profit. New to this edition: Refined to capture and delineate the essential theories more clearly, with broader coverage taking in the latest developments in areas such as change, politics, assessment and development of leadership, and multiple intelligences. Further development of a new integrative model of core leadership themes and practices. Abundant examples and illustrations, together with detailed explanations of how they apply in practice. A companion website with an Instructor's Manual, PowerPoint slides, links to additional case studies and full-text journal articles. Theory and Practice of Leadership will prove a highly-stimulating read for undergraduate and postgraduate students of leadership and related subjects as well as management consultants and practising managers. Visit the Theory and Practice of Leadership companion website [www.sagepub.co.uk/gill](http://www.sagepub.co.uk/gill) to take advantage of additional resources for students and lecturers.

Innovative Business School Teaching showcases the latest pedagogic innovations that actively engage the millennial generation in learning within the business domain. In the context of

# Read Book The Ashridge Journal How To Get Digital Transformation

the contemporary macro issues facing higher education, this book presents the latest teaching practices and tools used in higher education business teaching, clearly illustrating the practical ways in which business teachers can confront current pedagogic challenges. All of the contributors to this edited book have outstanding track records in teaching, having won national and international awards for teaching excellence, as well as publishing widely on pedagogy. Best practice teaching from multiple jurisdictions across a broad spectrum of business schools is represented. Each contributor shares their innovative teaching tools and techniques in a manner that emphasises how these tools can be adapted to other contexts, thus providing readers with an invaluable teaching resource.

Ever since the publication of Lytton Strachey's *Eminent Victorians* in 1918 it has been fashionable to ridicule the great figures of the nineteenth century. From the longreigning monarch herself to the celebrated writers, philanthropists and politicians of the day, the Victorians have been dismissed as hypocrites and frauds - or worse. Yet not everyone in the twentieth century agreed with Strachey and his followers. To a handful of eccentrics born during Victoria's reign, the nineteenth century remained the greatest era in human history: a time of high culture for the wealthy, 'improvement' for the poor, and enlightened imperial rule for the 400 million inhabitants of the British Empire. They were, to friend and foe alike, 'the last Victorians' - relics of a bygone civilisation. In this daring group biography, W. Sydney Robinson explores the extraordinary lives of four of these Victorian survivors: the 'Puritan Home Secretary', William Joynson-Hicks (1865-1932); the 'Gloomy Dean' of St Paul's Cathedral, W. R. Inge (1860-1954); the belligerent founder of the BBC, John Reith (1889-1971), and the ultra-patriotic popular historian and journalist Arthur Bryant (1899- 1985). While revealing their manifold foibles and eccentricities, Robinson argues that these figures were truly great - even in error.

This volume offers a unique comparative perspective on post-war conservatism, as it traces the rise and mutations of conservative ideas in three countries – Britain, France and the United States – across a ‘short’ twentieth century (1929-1990) and examines the reconfiguration of conservatism as a transnational phenomenon. This framework allows for an important and distinctive point --the 1980s were less a conservative revolution than a moment when conservatism, understood in Burkean terms, was outflanked by its various satellites and political avatars, namely, populism, neoliberalism, reaction and cultural and gender traditionalism. No long running, unique ‘conservative mind’ comes out of this book’s transnational investigation. The 1980s did not witness the ascendancy of a movement with deep roots in the 18th century reaction to the French Revolution, but rather the decline of conservatism and the rise of movements and rhetoric that had remained marginal to traditional conservatism.

This book is a sequel to Richard Griffiths’s two highly successful previous books on the British pro-Nazi Right, *Fellow Travellers of the Right: British Enthusiasts for Nazi Germany 1933-39* and *Patriotism Perverted: Captain Ramsay, the Right Club and British Anti-Semitism 1939-1940*. It follows the fortunes of his protagonists after the arrests of May-June 1940, and charts their very varied reactions to the failure of their cause, while also looking at the possible reasons for the Government’s failure to detain prominent pro-Nazis from the higher strata of society. Some of the pro-Nazis continued with their original views, and even undertook politically subversive activity, here and in Germany. Others, finding that their pre-war balance between patriotism and pro-Nazism had now tipped firmly on the side of patriotism, fully supported the war effort, while still maintaining their old views privately. Other people found that events had made them change their views sincerely. And then there were those who, frightened by the

# Read Book The Ashridge Journal How To Get Digital Transformation

prospect of detention or disgrace, tried to hide or even to deny their former views by a variety of subterfuges, including attacking former colleagues. This wide variety of reactions sheds new light on the equally wide range of reasons for their original admiration for Nazism, and also gives us some more general insight into what could be termed ‘the psychology of failure’.
