Sociology of Organizations. The literature on the sociology of organizations is vast and represents a refracted history of the study of bureaucracy. The object of study is variously labeled bureaucracy, complex organizations, and formal organizations, but the concept of organization and the notion of organizing principles subsume all these labels.

Research in the Sociology of Organizations / Emerald Insight

Organizational sociology is a branch of sociology that focuses on the organization. Sociology is much concerned with understanding social structures and organizational sociology gives much attention to the internal structure of the organizations, such as the managerial hierarchy, as well as to the external structures that connect organizations, such as strategic alliances. Organizational sociology

Tribalism is the state of being organized by, or advocating for, tribes or tribal lifestyles. Human evolution has primarily occurred in small groups, as opposed to mass societies, and people naturally maintain a social network. In popular culture, tribalism may also refer to a way of thinking or behaving in which people are loyal to their social group above all else, or, derogatorily, a type of ...
